

Investigating 6 Times

First: guess the answer.

Write your **GUESS ABOVE THE LINE.**

Second: check your guess with the calculator.

Write the **CALCULATOR ANSWER BELOW THE LINE.**

$6 \times \text{-----} = 0$

$6 \times \text{-----} = 1$

$6 \times \text{-----} = 2$

$6 \times \text{-----} = 3$

$6 \times \text{-----} = 4$

$6 \times \text{-----} = 5$

$6 \times \text{-----} = 6$

$6 \times \text{-----} = 7$

$6 \times \text{-----} = 8$

$6 \times \text{-----} = 9$

$6 \times \text{-----} = 10$

$6 \times \text{-----} = 11$

$6 \times \text{-----} = 12$

$6 \times \text{-----} = 13$

$6 \times \text{-----} = 14$

$6 \times \text{-----} = 15$

$6 \times \text{-----} = 16$

$6 \times \text{-----} = 17$

$6 \times \text{-----} = 18$

$6 \times \text{-----} = 19$

$6 \times \text{-----} = 20$

$6 \times \text{-----} = 21$
